

2019 All-Inclusive Fishing Package on the San Juan River with Land of Enchantment Guides

The San Juan River is a fishery that everyone should experience. It is world renowned as one of the greatest tail-water trout fisheries there is. In the top 4 miles of river below the dam, there are over 10,000+ fish per mile, averaging 17 inches in length; you couldn't ask for more. Most of the fish are rainbows but the population of browns seems to be increasing. It is primarily a small fly fishery with size #20 to #26 midges on light tippet being the standard setup. It is quite a thrill to hook and land a large fish on this type of gear. The river is big by New Mexico standards but very easy to wade and, with the density of fish being so great, long casts are not usually necessary. We do both float trips (fishing from a drift boat) and wade trips on the San Juan. Fishing from the boat enables you to fish many spots you are unable to wade to. Fishing on the San Juan is excellent at any time of year. There are often many other fishermen on the river but because it is so large, you can always find a good spot of your own. The one drawback to fishing the San Juan is that it is basically "not close to anywhere" so it makes for a very long day trip. We encourage our clients to spend at least the night over in the San Juan area, before the day of their fishing trip. Below are the details and pricing for the "San Juan Fishing & Lodging" packages we offer.

Land of Enchantment Guides has partnered with our friends at Fisheads Lodge and Back Cast Café for our San Juan River fishing packages. Fisheads Lodge has newly remodeled rooms equipped with a microwave, refrigerator, free WI-FI, flat screen TV's and Direct TV. As well, the Back Cast Café (which is next to the lodge) has the best food in the area. The packages we offer are for your guided fishing, lodging and all of your meals.

As with all of our trips, any fly fishing gear you will need (rods & reels, custom tied flies, wading gear, etc.) is provided, at no additional cost. Breakfast and dinner will be at Fisheads Lodge (see the attached menu) and a nice lunch will be served "picnic style" on the river. Anglers will be picked up by their guide for their fishing days at Fisheads Lodge.
